

Early Years Foundation Stage Curriculum Statement of Intent

It is our intent that children within the EYFS at
Jarrow Cross Primary School receive a rich and
all-inclusive curriculum which will increase their cultural capital and
provide teaching and learning opportunities to cultivate children's
'school readiness'.

This will be achieved by providing a curriculum which provides quality
experiences that are carefully planned to engage and inspire our
pupils.

Provision throughout the EYFS setting provides a quality Early
Years' experience which ensures that every child is included,
supported and challenged and has the opportunity to make good
progress.

Practitioners make every effort to deliver a secure foundation
through learning and development opportunities which are planned
around the needs and interests of each individual child and are
assessed and reviewed regularly.

We trust that the children will leave the EYFS setting as caring
confident and curious children. We hope that they will have
developed a thirst for learning and have high expectations of their
abilities to enable them to reach their full potential.

We are optimistic that our children will be emotionally secure and
have the skills to make their own decisions, self-evaluate and
become lifelong independent learners as they continue their
education.
