

Children will demonstrate deeper learning throughout The History curriculum by applying

- Critical Analysis
- Communication
- Collaboration
- Problem Solving
- Confidence
- Resilience

this will be evidenced through

- Effective oral and written communication
- Organising knowledge and skills and ideas to make connections with other areas of learning and different contexts
- Return to an aspect of learning at a later date and feel confident that previously learnt skills and knowledge can be applied
- Develop critical thinking and problem solving skills.

Examples of Deeper Learning throughout the History Curriculum

Explaining cause and effect

Eg the rise and decline of the Roman Empire

The dissolution of the monasteries

Comparison between time periods

Eg Life in Tudor and Victorian England

Make comparisons between Nazi Germany and the Romans

The seaside now and then

Toys from living memory and now

Giving personal opinions

Eg Who were the most effective invaders the Romans or the Vikings

Should Mary Queen of Scots/ Charles I have been sentenced to death?

Fact or Fiction - The Moon Landings

Confidently talking with accuracy and detail.

Eg Why the Fire of London spread so quickly

Guy Fawkes role in the Gunpowder plot

Interpret and evaluate a historical event from more than one perspective

Eg Ancient Greece - life in Athens and Sparta and the influence Ancient Greeks have had on the world

To understand why Elizabeth's reign was vulnerable
