Good Morning,

Firstly I would like to start by saying I hope everyone is staying safe and feeling well.

Life as we once knew it has changed for us all and I hope you are all slowly adapting to this new way of living. I am missing supporting and working with you all and I am aware that some families would still benefit from my help during this time. Over the past few weeks I have been thinking of the best way in which I could continue to offer a level of support and I have decided to set up an emotional well-being school community page on Facebook. This will provide practical support, activities and guidance as well as an option for contacting and communicating with myself through a direct message. This will help me to target specific support where required. This page will go live from today. If you search the link below and follow the page.

I hope to contact with as many of you as possible in the near future.

Sending love and light to you all
Mrs Jackson
