

The Toby Henderson Trust

Education Consultation Service

We offer an education consultation service to organisations in South Tyneside where we can arrange an appointment (1 hour) via Zoom or telephone to discuss an Autistic pupil (no diagnosis needed) and their needs. Autism Family Support Specialists from The Toby Henderson Trust can provide advice and strategies which are tailored to that pupil, as we recognise that each child is different, requiring an individualised and unique approach.

If you're an educational organisation within South Tyneside and would like to arrange a consultation, please get in touch via email: autism.hub@ttht.co.uk or by calling us on: 0191 816 0550.

“Thank you so much for your help and support. I really appreciate it and feel that you have given some very useful strategies”
