This handsome, beautiful dog's name is Caesar. He is very sweet and fluffy as his last family couldn't treat him very nice. So they took him to a shelter. He is very playful and energetic. He wants a home that only has adults. Doesn't like \*P\* bigger dogs but smaller dogs he likes. He likes to snuggle. They need a kind, loving and caring home. Caesar needs loads of attention.

He can not live with cats. Caesar has recently been in a foster home, but has needed to a due to a change in the family.

Caesar \*has\* who has found himself in the shelter for the second time in his young life.

Caesar prefers a quiet and calm home where he feels safe and secure.

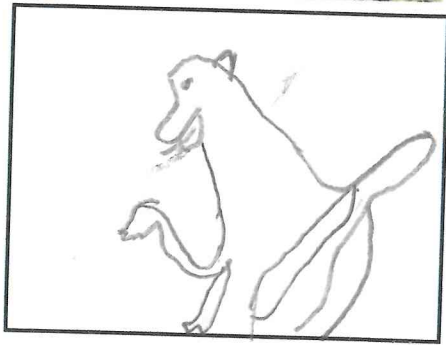

Caesar's eyes and nose works amazing, he can also sniff treats from a distance.

My name is Pete! I'm an adorable, soft, cat. I'm an outdoor cat but sometimes I like to stay in and rest. My emerald green eyes help me search during the night and when it is morning after a deep sleep I go outside and stretch. My favourite food is fish and I love the colour (ble) blue green because every time I go outside I always see little bits of grass so I (lye) lie down onto the grass and I have a (liller) little purr because the grass tickles me and I love it. Hi,  
My name is Jet and I would like to live in a house with lots of children. I would be a nice dog for a Newcastle supporter. My favourite thing in the whole world is spending time with humans and other animals. You can't help but smile when I'm around. I would love the person who adopts me. I will help you. If you were in any danger I would need a full time family who will take care of me. Please adopt me and give me lots of love.

\*Tul\* Tulip

Tulip needs to be an adult only home, she can be homes with other dogs. Sometimes with small cats and small animals.

Tulip was brought as a stray dog where it was quickly discovered she is deaf.

She ~~nos~~ knows hand signals very well. A family with experience with deaf dogs would be better for her.

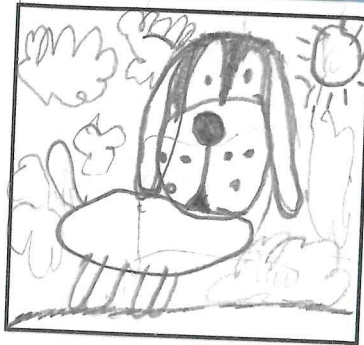

When the team laid eyes on Tulip, they had fallen in love with her.

She is very sweet and kind. She will ~~bro~~ brighten your day up like a star. She needs a calm house but loves to play with her favourite ball.

Tulip is an amazing pit bull. She is very sweet and kind. Nothing is better than loving this cute and ~~cuddly~~ cuddly dog.

By Hollie @ Jarrow Cross Primary School

Tulip  
Adult only home. She is deaf and she likes other animals. Tulip would love to find her perfect forever home with a family who have lots of time for her. Could you be the home to help Tulip grow and learn?

By Isobel @ Jarraw Cross C of

This is Jet. He's a loving, sweet, energetic dog.

This sweet pup is looking for a lovely, caring family who has a lot of time and energy for him.

He likes interacting with other dogs and is just a overall happy pup.

He is a very playful pup and loves playing with toys.

By Imogen M @ Jarrow Cross

This is Tulip. She's a very loving girl.

unfortunately she's deaf so wouldn't be good with children.

She's not overly playful but she's quick with hand language.

You will need patience for her to learn just in case she takes a bit longer to get settled in a new environment.

She'll be anxious at a new home just like she was nervous when she first came to the shelter but she soon settled!
