

We are pleased to enclose updated information about what is available from the Special Educational Needs and Disability Information Advice and Support Service (SENDIASS) in South Tyneside.

In this pack, you'll find:

- Information about our SEND Surgery Sessions - these take place twice each week at different Family Hubs (term-time), and are an opportunity for parents/carers to access advice and support with SEND queries. Bookable appointments are available.
- Information about our service Training Offer - free sessions are provided throughout the year on a range of SEND topics.
- Copies of our service literature; for parents/carers and young people.

We'd greatly appreciate if you could share the information enclosed with families you feel may benefit from our service. If you would prefer digital copies or alternative formats, please reach out to Ryan via Ryan.houston@southtyneside.gov.uk.

If we can be of any support in the future, whether in sharing school information or having attendance at school events like information days or parents evenings, please feel free to reach out to us, and we'd be happy to support.

Gillian Harte
